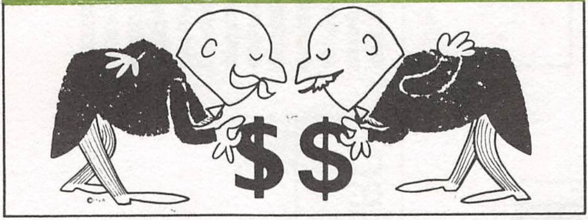
390% Pure Profit In Four Years...



In 1976, we organized a group of investors who placed $348,000 in the world's first Rare Coin Fund. Just four years later, the coins were liquidated for $2.15 million yielding 390% PURE PROFIT after all expenses.

Today, investors are placing substantial capital in rare coins because:

★25.7% appreciation annually
★10 year growth of 1,000%
★Taxed at a favorable capital gain, maximum rate of 20%

Re-Ink Any Printer Ribbon For Less Than 5 Cents

MAC INKER re-inks AUTOMATICALLY, simply and efficiently any fabric ribbon. 1) Load cartridge or spool or zip-pack ribbon on MAC INKER - 2) Put a few drops of ink into reservoir - 3) Start Motor. As the ribbon passes around the ink/pad ink is transferred to the ribbon via a capillary mesh. Emulsified lubricant ink protects print-head. Ink excellent also for daisywheel printers. Multi-colored inks available.
We support over 300 printers, using cartridges and spools of any type. Average ribbon can be re-inked at least 40 times - each re-inking yields about 10 hours of continuous printing. As of January 1984 over 10,000 MAC INKER(s) are in operation in the US and overseas. Many customers report having paid for MAC INKER on the first day.
Prices vary from $54.95 to $69.95. Most units are less than $60.00. Prompt service, warranted, performance or refund.
